

## Appendix B -- Parent Corps Implementation Plan

March 1, 2004	NFIA selects 10 State Partner Organizations, with RTI input about appropriate data submitted by applicants.				
	Select 5 Phase One (non-evaluation) states, 5 Phase Two (evaluation) states, again with input from RTI. RTI randomly assigns 4 school communities in each evaluation state to treatment group or control group. Working with state partners, NFIA recruits, interviews, hires first 10 Parent Leaders to start May 1, 2004 in Phase-One states.				
May 1, 2004	Begin implementation of Parent Corps in Phase One states.				
	State 1 PL-Treatment School PL-Treatment School	State 2 PL-Treatment School PL-Treatment School	State 3 PL-Treatment School PL-Treatment School	State 4 PL-Treatment School PL-Treatment School	State 5 PL-Treatment School PL-Treatment School
	Working with state partners, NFIA recruits, interviews, hires last 10 Parent Leaders to start December 1, 2004.				
October, November 2004	RTI collects baseline data in 18 of 20 school communities in Phase Two states.				
December 1, 2004	NFIA begins implementation of Parent Corps in Phase Two states.				
	State 1* PL-Treatment School PL-Treatment School Control School Control School	State 2* PL-Treatment School PL-Treatment School Control School Control School	State 3* PL-Treatment School PL-Treatment School Control School Control School	State 4* PL-Treatment School PL-Treatment School Control School Control School	State 5* PL-Treatment School PL-Treatment School Control School Control School
	* The evaluation will take place in 9 treatment schools and 9 control schools in Phase-Two states.
